HODL!

You can become a Liquidity Provider and you will be rewarded.

Get METASHIB and add it as a pair with another currency to the liquidity section on the PancakeSwap.

SPACE IS BEAUTIFULL

Space: an endless region where everything is possible! Join us on our Journey Up There!

PASSIVE INCOME AND MORE

MetaShiba Inu has an innovative token redistribution system, so that each transaction has a fee of 5% of which 4% automatically reaches the liquidity pool and 1% is directed to holders depending on the amount held.

Another ways to earn passive income through our project is to become a LIQUIDITY PROVIDER on PancakeSwap or STAKING, last one is currently under development to provide the best APY.

BSC Smart Chain

MetaShiba Inu Token is developed on the BSC Smart Chain to guarantee the lowest possible GAS fees. HODL (provide liquidity), Stake(bring stability), and SWAP tokens to gain WOOF Returns through our sophisticated and innovative passive income reward system.
